## PROFESSIONAL STATEMENT

Motivated final-year Computer Science undergraduate with practical industry and project experience. Passionate about learning new technologies, exploring new ideas, and taking on new challenges. Eager to strengthen professional skills, gain further industry experience, and contribute positively to a collaborative team.

## SKILLS

### UI/UX DESIGN

- Figma, Wireframing, User Flows, High-Fidelity Mock-ups, Interactive Prototyping, Usability Testing, Responsive Design

### DATA & ANALYTICS

- Power BI - basic dashboarding and visualisation, SQL - basic querying, Apache NiFi and ETL workflows - basic exposure, DBeaver

### DEVELOPMENT

- React Native, React.js, JavaScript, Node.js, Express.js, Python, HTML & CSS

### TOOLS

- Git, GitHub, Visual Studio Code, Microsoft Office, Canva

### PROFESSIONAL SKILLS

- Communication, Team Collaboration, Problem-Solving, Documentation, Project Coordination, Willingness to Learn

## PROFESSIONAL EXPERIENCE

### MIS Intern | Jay Jay Mills Lanka (Pvt.) Ltd.

Jul 2024 - Jun 2025

- Supported the development of Power BI dashboards and ETL workflows for business reporting.
- Analysed operational data to identify bottlenecks and improve reporting processes.
- Worked with SQL, Apache NiFi, and DBeaver to organise and review operational data.

### Part-Time UI/UX Designer | BYLO Private Ltd.

Nov 2024 - Mar 2025

Part-time role completed alongside a full-time MIS internship.

- Designed 10+ responsive e-commerce UI screens using Figma.
- Created user flows, wireframes, and navigation layouts to improve usability.
- Developed interactive prototypes based on business and user requirements.

## PROFESSIONAL PROJECTS

### Enterprise Ticketing Analytics Framework

Jay Jay Mills Lanka (Pvt.) Ltd. | Power BI, Apache NiFi, SQL, DBeaver

- Supported the development of a reporting framework for monitoring ticketing and operational data.
- Used ETL and reporting tools to identify reporting issues and process bottlenecks.

### BYLO E-Commerce Interface Design

BYLO Private Ltd. | Figma

- Designed responsive e-commerce interfaces for product browsing, checkout, and customer-account workflows.
- Created wireframes, user flows, navigation layouts, and interactive prototypes.
- Applied usability and responsive-design principles to improve interface consistency.

## ACADEMIC PROJECTS

### ElderlyLN — Final-Year Research Project

2026 | React Native, Node.js, Python, Scikit-learn

- Designed a trilingual, low-bandwidth mobile application connecting Sri Lankan families with verified caregivers.
- Developed a localised and user-friendly interface focused on accessibility.
- Integrated a Logistic Regression model to predict caregiver suitability, achieving 92.86% accuracy.

### Vehicle Repair Mobile and Web Application

2024 | React Native, React.js, Python

- Co-developed a mobile and web application connecting vehicle owners with repair-service providers.
- Contributed to service-booking, scheduling, and repair-request features.
- Collaborated with a university project team to design, develop, and test the application.

### FOODIESPOT — Recipe Mobile App Design

2023 | Figma

- Designed a mobile recipe-discovery interface focused on accessibility and simple navigation.
- Created user flows, wireframes, reusable interface elements, and interactive prototypes.
- Applied Human-Computer Interaction and usability principles to the design.

## LEADERSHIP & VOLUNTEERING

### Director of Club Operations and Service Strategy

2026–Present

*Leo Club of UOC Alumni*

- Coordinate club operations, service-project planning, timelines, resources, and documentation.
- Appointed Co-Chairperson for the upcoming WebSpark, Arunodhaya, and Digital Life Skills Initiative projects.
- Support project planning, stakeholder coordination, and implementation preparation.

## EDUCATION

### BSc (Hons) in Computer Science

Final results pending | Jan 2023 – Jul 2026

University of Westminster, UK / Informatics Institute of Technology

**Anticipated Classification:** Upper Second-Class Honours (2:1), subject to final results

**Expected Graduation:** November 2026

**Relevant Modules:** HCI & User Experience, Usability Testing, Database Systems, Applied AI, and Software Development Group Project

### Foundation Certificate in Computing

Informatics Institute of Technology | 2022 – 2023

### G.C.E. Ordinary Level Examination

Nakano College, Bandaragama | 2011 – 2021

## LANGUAGES

- **Sinhala:** Native Proficiency
- **English:** Professional working proficiency
- **German:** Beginner — A1 course in progress
