PROFESSIONAL STATEMENT

Computer Science graduate with Upper Second-Class Honours (2:1) and practical experience in UI/UX design, software development, and data-related workflows. Gained hands-on exposure to Power BI, SQL, Apache NiFi, ETL, Figma, and React Native through industry and project experience.

SKILLS

UI/UX DESIGN

- Figma, Wireframing, User Flows, High-Fidelity Mock-ups, Interactive Prototyping, Usability Testing, Responsive Design

DATA & ANALYTICS

- Power BI, SQL, Apache NiFi, ETL Workflows, DBeaver

DEVELOPMENT

- React Native, React.js, JavaScript, Node.js, Express.js, Python, HTML & CSS

TOOLS

- Git, GitHub, Visual Studio Code, Microsoft Office, Canva

PROFESSIONAL SKILLS

- Communication, Team Collaboration, Problem-Solving, Documentation, Project Coordination, Willingness to Learn

PROFESSIONAL EXPERIENCE

MIS Intern | Jay Jay Mills Lanka (Pvt.) Ltd.

Jul 2024 – Jun 2025

- Supported the development of Power BI dashboards and ETL workflows for business reporting.
- Analysed operational data to identify bottlenecks and improve reporting processes.
- Worked with SQL, Apache NiFi, and DBeaver to organise and review operational data.

Part-Time UI/UX Designer | BYLO Private Ltd.

Nov 2024 – Mar 2025

Part-time role completed alongside a full-time MIS internship.

- Designed 10+ responsive e-commerce UI screens using Figma.
- Created user flows, wireframes, and navigation layouts to improve usability.
- Developed interactive prototypes based on business and user requirements.

PROFESSIONAL PROJECTS

Enterprise Ticketing Analytics Framework

Jay Jay Mills Lanka (Pvt.) Ltd. | Power BI, Apache NiFi, SQL, DBeaver

- Supported a reporting framework for monitoring ticketing and operational data.
- Used ETL and reporting tools to identify reporting issues and process bottlenecks.

BYLO E-Commerce Interface Design

BYLO Private Ltd. | Figma

- Designed responsive e-commerce interfaces for product, checkout, and customer-account workflows.
- Created wireframes, user flows, and interactive prototypes.

ACADEMIC PROJECTS

ElderlyLN — Final-Year Research Project

2026 | React Native, Node.js, Python, Scikit-learn

- Developed a trilingual, low-bandwidth application connecting families with verified caregivers.
- Integrated a Logistic Regression model for caregiver suitability prediction, achieving 92.86% accuracy.

Vehicle Repair Mobile and Web Application

2024 | React Native, React.js, Python

- Co-developed a platform connecting vehicle owners with repair-service providers.
- Contributed to booking, scheduling, and repair-request features.

FOODIESPOT — Recipe Mobile App Design

2023 | Figma

- Designed an accessible recipe-discovery interface with simple navigation.
- Created user flows, wireframes, and interactive prototypes using HCI principles

LEADERSHIP & VOLUNTEERING

Director of Club Operations and Service Strategy

2026–Present

Leo Club of UOC Alumni

- Coordinate service projects, timelines, resources, documentation, and stakeholder activities.
- Co-chair upcoming service initiatives and projects.

EDUCATION

BSc (Hons) in Computer Science

Jan 2023 – Jul 2026

University of Westminster, UK / Informatics Institute of Technology

Upper Second-Class Honours (2:1)

Graduation: November 2026

Foundation Certificate in Computing

May 2022 – Jan 2023

Informatics Institute of Technology

G.C.E. Ordinary Level Examination

2011 – 2021

Nakano College, Bandaragama

LANGUAGES

- **Sinhala:** Native Proficiency
- **English:** Professional working proficiency
- **German:** Beginner — A1 course in progress
